

LIFE, DEATH & SORCERY

“...EXPRESSIVE ART AND FUN, ENGAGING CHARACTERS FROM A BURGEONING NEW TALENT WHOSE PASSION FOR THE MEDIUM BLEEDS THROUGH EVERY PANEL.”

— BROKEN FRONTIER

From somewhere deep within the Mount Pleasant cemetery there's a mysterious spirit that calls to Amelia Achar. Fortunately, she was going to run away from home anyway. Nothing has been the same since her best friend died, and Amelia knows all too well how cruel and insensitive the world can be, no matter how hard she tries to be good. The spirit calls, and Amelia follows, lured away on an adventure.

That's when the excitement begins! Amelia is chased by a time-travelling sorcerer, meets a crystal powered robot, and faces off against the worst terror in the known universe - high school bullies. Of course, Amelia's sisters, Coco and Winnie, have something to say about all that. They come along for fun, even though Amelia thinks they are so uncool.
